Happy International Women's Day!

In recognition of this special day, Athena is launching a new series of videos, highlighting Athena Scholarship recipients who represent the exciting future of the STEM workforce.

For Athena, every day is Women's Day as we transform female scientists and technologists into corporate leaders through leadership development, empowering the next generation of STEM leaders.

With that vision, Athena awards annual scholarships to young women pursuing STEM degrees. Investing in the future of the STEM workforce is just one way Athena is working to achieve gender equality and EMPOWER 1 MILLION WOMEN IN STEM BY 2030!
